Mob. : 9742607366, 9066544442. Ph : 080-29785502

Date

Alumni meetings serve as poignant reunions. The resonance of these meetings lies in the diversity of paths undertaken by alumni since their academic convergence. From professional triumphs to personal milestones, each individual weaves a unique narrative that contributes to the rich tapestry of the alumni network.

Vishwa Chethana Degree college 's alumni association is currently in the existing phase of streamlining the alumni registration process to enhance connectivity and engagement. The upcoming registration system aims to provide a user-friendly interface, simplifying the onboarding process for alumni eager to reconnect with their alma mater.

The upcoming registration process will feature a comprehensive form, capturing essential details such as graduation year, current profession, and preferred contact information. Alumni will also have the option to share additional details about their post-graduation journey, fostering a more personalized connection within the community.

As part of the registration process, alumni will be invited to express their preferences regarding engagement levels. This includes interest in mentorship opportunities, participation in alumni events, or contributing to collaborative initiatives. Tailoring the registration experience to individual preferences aims to create a more customized and fulfilling alumni experience.

This ongoing initiative reflects the association's dedication to creating a dynamic and inclusive network, where every alum's journey is valued. The upcoming registration system promises to be a pivotal step in fostering enduring connections among alumni and strengthening the bond with their alma mater.
